Clare House provides services that address the basic needs of clients entering the emergency shelter program. This includes safe, warm shelter, food, water, and other necessities for both moms and their children. While families are transitioning out of survival mode, Clare House offers 24-hour support and case management services to help guide families to permanent stability. This program provides clients with stability, consistency and a positive support system, which works hand in hand in building trust and self-esteem. Moms and kids are often in compromised situations, sleeping in a car or on the street with no where else to go before they find refuge at Clare House. In this time of Covid and closures, we have the opportunity to continue being a blessing. This link takes you directly to the Anchor Park on-line sign up. It explains what is needed, the committed monthly date, and the menu items.

THANK YOU!
